Fabric

14ct. Showcase Huck Towel, White, by Charles Craft

Design Size

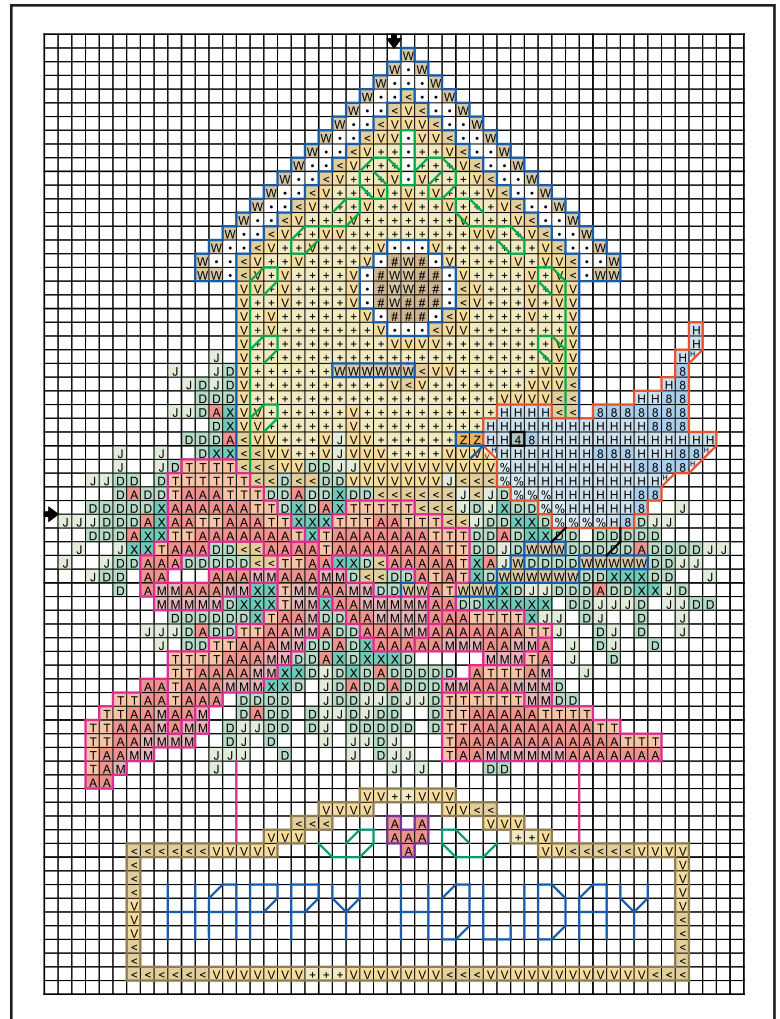

3½" w x 4⅞" h (8.9cm x 12.4cm)

Instructions

Find the center and begin stitching design on the towel. Use two strands of floss for all cross-stitches. Use one strand of floss for backstitches.

Note: The color red is the least stable dye in floss manufacturing. To prevent any potential problems, it is a good idea to presoak the red thread in a mixture of 1 gallon of water and 1 cup of white vinegar to set the dyes. Allow your thread to dry completely before stitching.

This piece is fully washable using the gentle cycle on your machine and mild detergents in cool water. Line dry after washing and iron (sandwiched between two clean towels) with a hot steam iron.
