# Holiday Shopping Bag

*Make this delightful shopping bag for yourself or to give as a gift!*

## Directions

1. Using tracing paper and transfer pencils, trace the black lines of the design template onto a plain canvas shopping or tote bag. Alternatively, purchase *Keepsake<sup>®</sup> Iron-On Transfer Collection: Holidays* and iron the design directly onto a shopping or tote bag.
2. Place a ball point painting hoop on the bag. Use Black ball point paint to paint over the traced lines. Referring to the photo for color placement, use ball point paint to fill in the design, shading if desired.
3. Allow the paint to dry thoroughly before using the bag.

## Suggested Materials

### [Reusable Grocery Bag](#)

Herrschners Item #: ID410023

### [8-Pack Ball Point Paint Set: Country](#)

Herrschners Item #: ID098810-0666
