This set of 3-D picnic food favorites will make you hungry! A hotdog with everything, a slice of watermelon, and piece of pie à la mode are such fun. Created easily with slabs of bead pieces, you can take this 3-D concept and create lots of cool projects.

1. Locate the Project Patterns. Use the small circle, large circle, and large hexagon pegboards for your project. If you're using a clear pegboard, slide the actual-size pattern underneath it. Place all the beads for the design.

2. Ask an adult to fuse your designs. Place your pegboard on a flat, heat-safe surface. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. When ironed properly, the beads will still have an open center. Let the design cool.

3. Remove the paper and bead design from the pegboard. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely. *Note:* Pegboards and ironing paper are reusable. Beads need heat for about 10-20 seconds per side to fuse evenly. Depending on the size of the project, additional heating time may be required. Since you are working on a 3-D project, DO NOT OVER-IRON the beads as it will make the centers of the beads close and can make assembly more challenging.

4. Assembly:

Hot Dog: Align then glue the Bun #1 layers together. Aligning the top rows, add a #2 piece on each end, then a #3 piece.

Glue the Hotdog #1 layers together in a similar manner, rotating the layers a half bead to create a zigzag of “mustard” with the yellow bead. Add four #2 pieces on each end, then a #3 piece.

Glue the hotdog onto the bun, then glue loose beads of white, red, pastel green, and dark green to look like onions and relish.

Watermelon: Aligning the “bite,” glue the two #1 pieces together, then glue a #2 piece on each side.

Pie à la Mode: Glue the filling layers onto the bottom. Glue the top crust onto the pie slice, then the crust edge in place. Standing the trim piece on its side, glue it to the crust edge.

Stack and glue the ice cream pieces from large to small, then glue to the top of the pie. Glue the fruit slice in place.
