One 12" × 12" sheet of white cardstock paper
One 12" × 12" sheet of light purple marbled or floral print paper
One 1½" square vellum design for each napkin ring
McGill[®] Craftivity[™] 1¹⁵/₁₆" × 2⁷/₁₆" stacking oval punch
Scrapbook Adhesives[™] E-Z Runner[™] Adhesive Dispenser
Scrapbook Adhesive E-Z Squares[™] Adhesive Dispenser
Hobby Knife
Paper trimmer
Cutting mat
Ruler
Fine-tip green marker

Napkin Ring Instructions

Use the paper trimmer to cut one 7" × 1½" strip of dark purple cardstock paper and one 8" × ¾" strip of light purple marbled print paper for each napkin ring. Using the hobby knife and cutting mat, make ⅜" vertical slits across the length of the dark purple cardstock strip, each approximately ½" apart. Be sure the slits are in the center of the strip. Weave the light purple print paper strip through the slits. Trim so it is the same length as the dark purple strip and secure ends using the E-Z Squares Adhesive Dispenser. Form a ring with the dark purple strip and secure ends using the E-Z Squares Adhesive Dispenser. Turn the vellum square 90 degrees and attach with adhesive to the front of the napkin ring, tucking the corners into the slits. Use a different vellum square for each napkin ring to create a unique gift for each guest.

Place Card Instructions

Use the paper trimmer to cut one 3" × 4" piece of white cardstock paper for each place card. Fold in half vertically and set aside. Make two "eggs" from the light purple cardstock paper using the oval stacking punch. Use the paper trimmer to cut one 12" × ¼" strip of light purple floral print paper. Using the hobby knife and cutting mat, make ⅜" vertical slits at random on the egg. Weave the light purple print paper strip through the slits. Trim the end and secure to the back of the egg with adhesive. Use the E-Z Runner Adhesive Dispenser to attach the second purple egg to the back of first "woven" egg, covering the print paper strip on the back of the egg. (One side of the egg should be plain purple and the other side should be purple with print woven throughout.) Use the adhesive dispenser to attach the egg to the side of the place card. Write the guest's name on the white cardstock place card.
