INSTRUCTIONS:

1. Referring to the Placement Diagram, trace the design onto tracing paper using the transfer pencils.
2. Pin the motif to the pillow cover. Following the instructions on the transfer pencils, iron the pattern onto the cover.
3. Stitch the design according to the instructions and stitch guide.

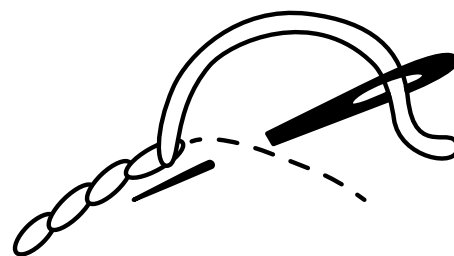

Long and Short Stitch

This stitch is worked the same as the satin stitch, except you stagger long and short stitches over the area to be covered.

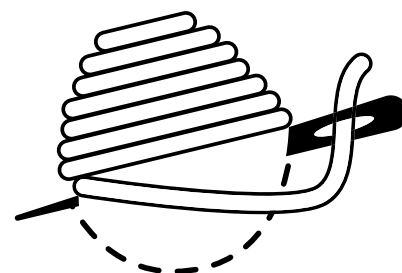

Stem Stitch

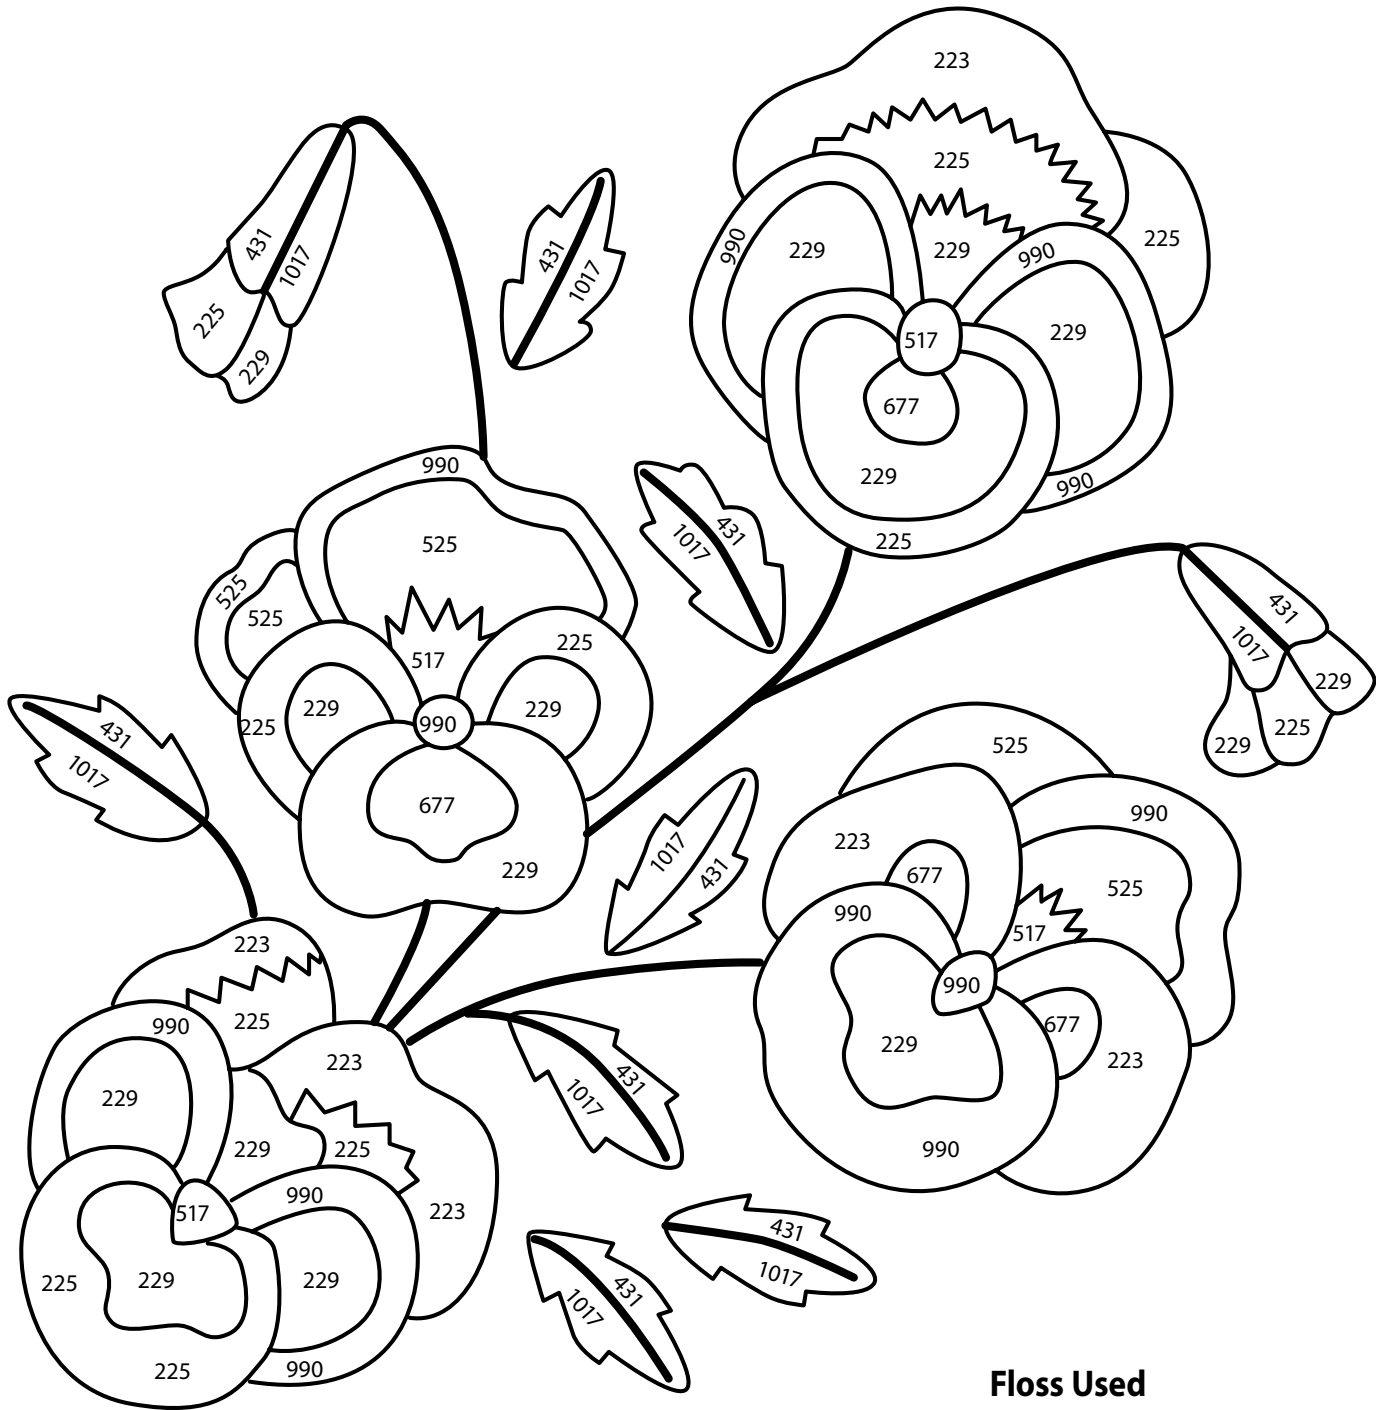

Bring the needle up at the left end of the line. Working from left to right, insert the needle a short distance to the right and bring it out a little way to the left at a very slight angle. Continue, keeping all the stitches the same length.

Satin Stitch

Make a series of straight stitches side by side, carrying the thread under the fabric so each stitch starts at the same edge.

Stitching Instructions

Use Long and Short Stitches (3 strands) between zigzags on flower petals.

Use Satin Stitches (3 strands) to fill other flower petals and leaves.

Use Stem Stitches (2 strands) on flower stems and leaf veins in color 435/319.
